

E-Z Vac[®]

Aboveground Pool Cleaner

By Pentair Water Pool and Spa[®]

The world's best built aboveground pool cleaner

E-Z Vac is designed just for aboveground pools, but its design is based on the same time-tested platform as the most popular suction-side cleaner in history: Kreepy Krauly[®] inground cleaner. E-Z Vac features:

- Superior hydraulic design for optimum vacuuming power.
- Works flawlessly in flat bottom and dish-shaped pools with a banked or radius cove.
- Only one operational moving part for long, dependable service—no wheels or gears to replace.
- Free skimming valve automatically regulates water flow to assure proper cleaning speed and simultaneous skimming of surface debris while vacuuming.
- Installs in minutes to your skimmer without tools.

E-ZVac[®] Aboveground Pool Cleaner

Swivel. Converts water flow into a single stream for maximum hydraulic efficiency and peak cleaning performance.

Drive Tubes. Where water flow is intermittently directed to generate kinetic energy for mobility.

Roller Strap. Protects the unit, allows freedom of movement around steps and ladders.

Automatic Regulator Valve. Sets ideal travel speed for more thorough cleaning.

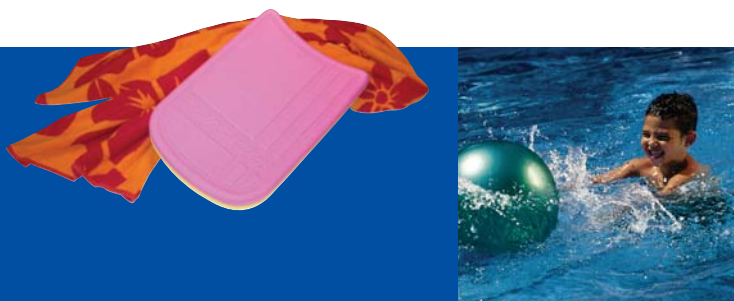

Flapper. E-Z Vac's only operational part is housed inside the unit. Divides water flow to help propel E-Z Vac.

Eight reasons why E-Z Vac is the best aboveground cleaner you can buy

- 1 It's thorough. E-Z Vac provides superior hydraulic design and true random-pattern coverage to make sure every inch of your pool floor is thoroughly vacuumed.
- 2 It's automatic. Free skimming valve automatically regulates water flow to assure proper cleaning speed while allowing simultaneous skimming of surface debris—both cleaning jobs are completed at once.
- 3 It's easy. Attaches to your pool skimmer in minutes without tools so it can start vacuuming leaves, dirt, sand, insects and other debris from your pool immediately.
- 4 It's dependable. E-Z Vac's unique "flapper" is the only operational moving part, so you receive years of dependable service.
- 5 It's virtually maintenance-free. No wheels or gears to jam or wear out, no diaphragms to replace. No bags or compartments to empty.
- 6 It's engineered for your pool. Works flawlessly in both flat bottomed and dish-shaped pools with a banked or radius cove.
- 7 It's backed by the world's largest pool equipment company. Got a question? Contact our toll-free consumer helpline. Live technical experts are there to help.
- 8 One-year limited warranty. See warranty for details.
